# EarlyBird™

## Perinatal Nutritional Supplement for Poultry

30 lb. of Product  
after Hydration

MANUFACTURED UNDER EXCLUSIVE  
LICENSE FROM THE UNIVERSITY OF ARKANSAS

**NET WEIGHT: 15 POUNDS (6.8 kg)**

**DIRECTIONS FOR USE IN POULTRY HOUSE AS TOP-DRESSING FOR FEED:**

1. Remove bagged contents from container and add warm water to fill line.
2. Stir while slowly adding contents of EarlyBird package (15 lb.) to water.
3. Let stand for 5 minutes.
4. Sprinkle hydrated EarlyBird directly onto feed trays. For best results use 1 package per 5,000 hatchlings.
5. Normal overhead lighting is required for consumption to occur.

**DIRECTIONS FOR USE IN HATCHERY TRANSPORT BOXES:**

1. Remove bagged contents from container and add warm water to fill line.
2. Stir while slowly adding contents of EarlyBird package (15 lb.) to water.
3. Let stand for 5 minutes.
4. Place 0.5 to 1.5 cups (100-300 g) of hydrated EarlyBird into the shipping box per 100 hatchlings. Shipping times will determine the amount required.
5. Normal overhead lighting is required for consumption to occur.

**USE WITHIN 6 HOURS OF HYDRATION.**
